SecondOpinions.com Introduces Membership Programs for Patients, Employers and Medical Facilities

FORT LAUDERDALE, FL. SecondOpinions.com was recently launched by **USARAD.com**, a leading US Joint Commission Accredited teleradiology and telemedicine solutions provider. SecondOpinions.com is signing up new patients and is now offering affordable Membership Plans that provide unlimited and discounted radiology second opinions and expert medical consultations.

The Membership Program gives clients the opportunity to buy an annual membership with unlimited or deeply discounted second opinions from top specialists and sub-specialists.

Individual plans start at only \$9.99 per month while family plans start at only \$19.99 per month. Employer plans start at only \$6.99 per month. While physician and medical facility memberships provide up to 50% off second opinions consultations. Besides cost savings, membership programs offer a number of exciting features and perks. Patients have 24/7 access to a medical library, storage of medical records and radiology images and reports, as well as general and specialty medical consultations.

New membership programs are especially beneficial to patients who receive numerous second opinions each year.

See What Our Members are Saying About SecondOpinions.com

Patients like Jack Cooksey of Fort Collins, Colorado. "Unfortunately, my wife and I have significant health issues that require ongoing imaging. I can't even express in a few words how incredibly important this service has been to us."

Jack Cooksey with wife and son

Cooksey has used SecondOpinions.com six times. "They've provided superior, detailed readings comparing images of different types (MRI, X-ray, CT Scans) and from different hospitals for a fraction of the cost of the initial single readings by the imaging centers."

Cooksey has recommended SecondOpinions.com to doctors and friends.

"We were very pleased to learn SecondOpinions.com is now offering membership plans. For anyone expecting a series of images related to surgery or other health issues, the membership plan is a great way to save on services that are already surprisingly inexpensive."

Why do you need a second opinion?

ARE YOU AN ATHLETE?

Second Opinions Give You the Peace of Mind You Deserve

It's not always good news when you get a second opinion. That certainly was the case [for Green Bay Packer Bryan Bulaga](#). The left tackle will now undergo surgery to repair an ACL tear which was a shock to Bulaga and his team mates.

According to the Packers camp, Bulaga seemed to be fine walking around looking uninjured. But the second opinion proved what they all feared. **That second opinion also kept him from playing and possibly damaging his knee even further.**

[ACL tears](#) are common in athletes who play sports that involve sudden stops and changes in direction. The ACL is the anterior cruciate ligament inside your knee joint.

Second opinions are absolutely necessary if you receive a diagnosis for an injury or other ailment. At [SeoncdOpinions.com](#) we make it affordable for you to have U.S. Trained, board certified specialists and sub specialists take a look at your images and provide their advanced opinion.

All you do is upload your MRI, CAT scan, etc. and our expert physicians send you a report within as quickly as an hour. No appointments necessary. For \$29 to \$99 you receive your report and the

peace of mind you deserve. Try [SecondOpinions.com](#) today and see for yourself.

In addition, physicians in all medical fields provide second opinion consultations via telephone and video chat for as low as \$49 per 5-minute consultation.

Not only is obtaining a second opinion essential for your health our prices are so reasonable they are actually less than many co-payments.
